Coding Profiles: CodeChef | LeetCode

EDUCATION

Swami Keshvanand Institute of Technology, Jaipur — **CGPA-8.3**
B. Tech in Electronics and Communication Engineering — *Aug 2023 - May 2027*

Mankori Devi Senior Secondary School, Jhunjhunu — **90.80%**
12th Rajasthan Board of Examination — *Aug 2021 - May 2022*

Mankori Devi Senior Secondary School, Jhunjhunu — **92.00%**
10th Rajasthan Board of Examination — *Aug 2019 - May 2020*

TECHNICAL SKILLS

Programming Languages: C++, Python, SQL

Problem Solving: Data Structures and Algorithms, Competitive programming

Web Development: Flask, HTML, CSS, JavaScript

Libraries & Tools: Git, GitHub, MySQL Workbench, VS Code, Postman, Linux

Core **CS Fundamentals:** OOP, DBMS

PROJECTS

Personal Portfolio Website | GitHub
Flask, Python, HTML, CSS, JavaScript, Formspree

- Built and deployed a **responsive 6-page portfolio** using Flask, HTML, CSS, and JavaScript.
- Integrated **Formspree** contact submissions with server-side handling and environment-based settings.
- Used **GitHub and Render** for automatic deployment and responsive mobile, tablet, and desktop layouts.

High-Performance Limit Order Book & Matching Engine | C++17 GitHub — May 2026 - Present
C++17, STL, Data Structures & Algorithms, Git, GitHub

- Built a **C++17 price-time priority order book & matching engine** supporting limit/market orders, partial fills, and cancellations.
- Used **map and unordered map** for efficient price-level management and order-ID lookup.
- Built a synthetic benchmark processing **1,000 orders** and measuring insertion time and end-to-end throughput, achieving **~4,000 orders/sec** on the test system.

ACHIEVEMENTS

- Selected for Infosys Limited **Specialist Programmer** position through HackWithInfy with **11-16 LPA**. I was among top **6 out of 700** who was selected for this role
- Achieved **Global rank 92** in **CodeChef** Starters 240C; also secured top ranks of **246** and **357** in other contests
- Scored **600/600** in CodeSignal GCA of Hudson River Trading for Software Engineer role
- Secured **3-star rating** on **CodeChef** with **1711** max rating
- Solved **400+ DSA problems** across coding platforms including **LeetCode** and **CodeChef.**

EXPERIENCE

Web Development Intern - LinkX Digital — Ahmedabad, Gujarat | Jun 2025 - Jul 2025

- Completed a 45-day internship contributing to planning, design, coding, and deployment
- Worked with HTML, CSS, JavaScript, and MySQL for web development tasks

Paid Freelance AI Generalist - Outlier AI — Remote | 2026 - Present

- Worked on AI evaluation and generalist tasks involving content review, instruction following, and quality assessment
- Reviewed model outputs for accuracy, relevance, clarity, and guideline alignment on **7.50 dollars per hour**

EXTRA CURRICULAR ACTIVITIES

- Winner of Inter College Sports Tournament in Badminton as a Team in VANQUISH 2024 at Global Institute of Technology, Jaipur
- Volunteered in College Sports Tournament in Badminton in AAVEG 2025 at SKIT, Jaipur
